Tribal Leadership

Program

*By Vice-Chair Loni Greninger
and Secretary Rochelle
Blankenship*

We were honored to be able to
participate in the inaugural Tribal
Leadership program at Harvard
School of Business in Boston,
Massachusetts. This program
was sponsored by the National
Congress of American Indians
(NCAI) and the San Manuel
Band of Mission Indians. There
were 80 attendees representing
Tribes from all over the United
States and several First Nations
from Canada, many of which
have similar successes and
challenges as Jamestown.

The rigorous program covered
topics such as strategic
leadership, environmental and
natural resource management,
governance, and strategic
thinking for social change.

Each day we studied examples of how leaders led through crisis, ethical dilemmas, the role of boards and managers, negotiation skills, the responsibility of leadership to its people, finding purpose and mission within a government or organization, and the importance of self-care. We were challenged to analyze these real-life examples of successful businesses, governments, and organizations, as well as those that failed in critical areas. Our assignment was to be prepared to discuss, each day of class, the positives and negatives of how these issues were handled. Throughout the week, the class also discussed how we take these non-tribal examples and translate them into our own values and cultures; we tribes handle crises, ethics, councils, boards, committees, mission, purpose, partnerships, relationships, and self-care in our own ways that reflect our tribal identities; it is expressed differently from our greater non-native communities, though we may also find some similarities at the human level.

While staying on campus for the weeklong program, we were able to learn from some of the most respected educators in the U.S. as well as hear other Tribes' experiences. As this was the first leadership course of its kind, the professors were quick to acknowledge they were there to teach Tribal Leaders and learn from Tribal Leaders. There were difficult conversations about colonization, boarding schools, negative laws and policies, and discussions of how to navigate relationships that have gone sour between Tribes and non-tribal partners. However, many Tribes were encouraging with their stories of determination and strength to endure!

We both agree that the program was inspiring and rewarding and we raise our hands to NCAI and San Manuel for their leadership and funding to afford us this life changing experience. The opportunity to refine leadership skills is a gift and we do not want to take that for granted. We thank you, our Tribal Citizens and Descendants, for supporting us as we learn and grow. Our next step is to figure out how to implement this knowledge at Jamestown in the best way that fits our community!

Jamestown Family Dentist Receives Implantology Certificate

Dr. Jiae Kwon had been a general dentist at Jamestown Family Dental Clinic since 2016. This past year, she took it upon herself to pursue a certificate in implantology. This certificate is offered by the Washington Academy of General Dentistry and requires participants to complete an intensive 10-month program. So, Dr. Kwon has been traveling to Seattle once a month to attend the three-day courses and completed her 300 hours of lectures and surgeries to obtain the certificate.

It has been over ten years since the Jamestown Family Dental Clinic offered implant service, and recently Dr. Kwon has conducted implant surgeries to four patients from the dental clinic at the program site in Seattle. Currently, implant services are selected on a case-by-case basis but will be part of the regular services in time. For more information about this service, contact the Jamestown Family Dental Clinic at 360-681-3400.

Upcoming Holiday:

Monday, September, 4.

Tribal offices will be closed.

New Jamestown Family Health Clinic Staff

Isabel Gallegos, Medical Assistant Registered

I am currently enrolled in the Medical Assisting program at Peninsula College. I have lived here in Sequim my whole life and growing up in the Pacific Northwest has given me a deep appreciation for its natural beauty and outdoor activities. My ambition of establishing a rewarding and important long-term career motivated my decision to join JFHC. I also recognize the importance of making a difference in the community and seek to do so through working in the medical field. During my time off, I enjoy being outdoors as much as possible, going on camping trips, and fishing. I also simply enjoy quality time with my family and friends. Spending quality time with my loved ones is an essential aspect of my life. I value the bonds I share with family and friends, cherishing moments of togetherness and creating lasting memories.

Healing Clinic Staff Celebrate 1st Anniversary

Summer 2023 Women's Healing Gathering

Did you know that the Jamestown S'Klallam Tribe's (JST) Social and Community Services Department hosts gatherings specifically for JST community members who have been impacted by violence or crime?

The latest event was hosted on Thursday, July 13, 2023 at the Jamestown Tribal Sweat Sauna at Jamestown Beach. The purpose of these gatherings is to have a safe space for survivors of violence to talk and connect with each other. Healing from traumatic events have either direct or indirect effects in someone's life, and it can feel isolating at times. Healing from acts of violence, tragedies and other trauma is an ongoing journey and having supportive individuals surrounding you can make a huge difference.

This event also provided lunch and a session in the sauna sweat to participants. For more information about these gatherings, contact Kayla Holden, kholden@jamestowntribe.org. Additionally, future events will be advertised within this newsletter.

Tribal Elders Meal Prep For Canoe Journey Landing

In preparation for the Jamestown Beach Canoe Journey Landing, Tribal Elders volunteered to meal prep for the community dinner. Stir-fry was on the dinner menu, so these vegetables were perfect!

Healing of the Canoe Attends Mariner's Game

The Healing of Canoe group went to a Mariner's Game to kick off the first week of the 8 week cultural summer program. This event was dedicated to being Tobacco Free. In 2018 the Mariner's and T-Mobile were one of the first stadiums and MLB franchises to ban smokeless tobacco including chew, dip and snuff.

The youth attended a game that first year and now 5 years later, revisited the stadium to watch a game. They also made signs and waved them during the game, representing the Tribe and being Tobacco Free.

The Healing of the Canoe is a program offered to youth between the ages 10 and 14 years old by the Social and Community Services Department. This field trip was funded through the Tribe's tobacco cessation funds.

Chairman/CEO Ron Allen Guest Speaks at Healing of the Canoe

The Healing of the Canoe participants have been busy this summer! Also in July, guest speaker, Chairman/ CEO W. Ron Allen shared insight and history during class. He spoke of the role of Tribal Council holds with in Tribal communities and nation-wide. Chairman Allen frequently travels to Washington D.C. to represent, not only the Jamestown

S'Klallam Tribe, but also Indian Country, to the Federal Government. He has been a star advocate for Tribal Sovereignty, and has a wealth of knowledge in this area. Another thing he highlighted is how Tribal youth are the next generation to take on these advocacy roles, and they also play a large role in Tribal Communities!

yəhúmæct Traditional Foods & Culture Program

Jamestown's Singing & Dancing and Harvest and Hang

Join us with your drums, rattles and voices and stick around for a light dinner. A couple things are ready to harvest at the garden! Volunteers are welcome to come any time between 3:00-5:00 to help with weeding, planting and good company, then "hang" around for a light meal with singing to follow.

As things settle back down after Canoe Journey, Jamestown's bi-weekly singing and dancing will go back to normal at the Community Wellness Garden on Wednesday's 5:00-7:00 pm.

What: Harvest & Hang, Jamestown's Song & Dance

When: Wednesday's 9th, 16th and 23rd and 30th at 3:00-5:00 pm and singing the 16th and 30th from 5:00-7:00 pm

Where: Community Wellness Garden, 182 Marinas Way, Sequim

Jamestown's Community Garden Volunteer Day

We are continuing to ask for assistance at the garden and opening it up to the non-native community and coworkers through the summer. Volunteers are welcome the second Thursday of each month (through October). Garden staff are grateful for the help and look forward to the community connection. If you know anyone outside of our community that wants to give back to the Tribe tell them to swing by for our fourth Community Garden Volunteer Day.

What: Community Garden Volunteer Day

When: August 10th, any time between 3:00 and 7:00 pm

Where: Jamestown's Community Garden, 182 Marinas Way, Sequim

Clam Digging

There will be a clam dig on August 14th! We will be meeting outside the Admin building in Blyn. This is a great opportunity to learn more about harvesting shellfish if you have not done so before or a great opportunity to dig clams for a tasty meal with the company of others while you dig. Please bring your subsistence cards and remember that whatever you dig, you'll need to carry back to your car! If there are elders that are unable to dig, please contact Ricky Johnson.

What: Clam Digging in Blyn

When: August 14th 2023 at 9:00 AM

Where: Blyn outside the Admin Building

Huckleberry Camp

Mackenzie will be leading a small group into the woods to a gathering place of our ancestors. This place is a large prairie/bog that was a village site used by our ancestors to gather berries, roots and other plants. We will be hiking and gathering huckleberries along the trail. The berries we harvest will be freeze dried for snacks and frozen to use during our First Foods Ceremony in the future. Then of course for those that come they get to take some home to use on pancakes, ice-cream or another tasty treat.

This spot is difficult to get to and requires a vehicle with high clearance. The trail that we will be traversing has poor footing and may be difficult to navigate for some. Please RSVP with Mackenzie if you would like to join us for this adventure.

What: Huckleberry Camp

Where: Secret Spot

When: August 24th, 2023 Meeting at TFC 9am and will be picking berries All Day

Putting Canoe to Rest and Canoe Family - "Honoring our Warriors Past & Present"

We made it through Canoe Journey! We are grateful to all of the help that we received during this time.

(Continued on page 7)

This was an incredible season for our canoe family! It felt good to have the canoes back out on the water. A big thank you to Dusty Humphries and others at the carving shed for getting the repairs done on the laḡqínem. We would like to thank the laḡqínem and ʔiʔáwəçaʔ and put them to rest in a good way. We will put the canoes to rest after one final pull to Jamestown then do a small ceremony.

What: Putting the Canoes to Rest

Where: Jamestown Beach

When: September 2, 2023 11:30pm Noon for Ceremony.

5th Annual River Center Charity Golf Tournament hosted by The Cedars at Dungeness Golf Course

When: August 26, 2023

Check in time: 8:30 a.m. Shotgun start is 9:15 a.m.

\$100 per person includes green fees, cart, range balls, lunch and prizes.
Four person scramble format perfect for all golfers, casual to expert!

All proceeds benefit the River Center's ongoing operations and educational programs.

Learning Our Landscape

Learning Our Landscape will take a break for August. We encourage you to go outside and experience the landscape!

Last fall the Library was given a VR360 camera and Oculus 3D headsets. We now have our first VR360 video available on YouTube. You can see and learn more about Tamanowas Rock, a sacred site in Jefferson County near Anderson Lake. You can access the video here: <https://www.youtube.com/watch?v=Lvxb90QacAQ>

For the full experience, call 360-681-4614 and ask Brandon to schedule a time when you can view it with a 3D headset.

Featured Books:

Thank you, Linda Silvas, for donating an updated version of your first book *Mama Bear Baby Bear* and your new book *Mama Bear Baby Bear Book 2*! These books are not children's books, they are a learning tool for the children, young adults and elders as they navigate the pit-falls of drug abuse and alcoholism.

New Books:

Cracked: the future of dams in a hot, chaotic world by Steven Hawley and David James Duncan

Project 562: changing the way we see Native America by Matika Wilbur (Swinomish/Tulalip)

Sacred Wilderness by Susan Power (Standing Rock Sioux)

(Continued on page 11)

Library Construction Update

Sheetrock continues this week. Interior wood finishes for the columns and beams have begun. Exterior paint finishes will begin this week.

Library Services

Book mobile services: We will take a break for the summer--unless you are desperate for new reading material! If so, we fully understand and will be happy to make a special delivery! Just call 360-681-4632 and leave a message or email library@jamestowntribe.org.

Curbside service: You may browse our collection at <https://library.jamestowntribe.org/home> and click on the red "Search Library Catalog" button. If you want something to read/watch but don't really know what, let us know and we can bring you a "grab bag" of items. We have a lot of new books that are just begging to be read.

Research: If you have a question or topic that you need to research, we are happy to help. If you have any questions or concerns, would like mobile or curbside services, or help with research, please call us at 360-681-4632 or email library@jamestowntribe.org.

is pleased and excited to extend our Health Services!

We have partnered with Puyallup Tribe's natural healing center, called Qwibil. Qwibil will be sending a Naturopathic Physician to Blyn once a month. Call for an appointment!

Please join us in welcoming Drs. Katrina Liams-Hauser and Selena Eon.

Qwibil's doctors are experts in medical cannabis. They can incorporate cannabis into a complete treatment plan utilizing the best of natural and conventional medicines and treatments. They provide medical cannabis authorization ("Medical Card") and renewals.

Example of a WA state Medical Cannabis Recognition Card:

Regular appointments are available, including Telehealth, and they will collaborate with your other healthcare providers as needed. They carefully follow all WA state laws and work with medical cannabis patients of ALL ages.

In addition to medical cannabis consultation and authorization, these physicians offer a natural approach to healthcare that can include herbal medicine, nutritional counseling & supplements, and lifestyle medicine (sleep, movement, stress management, spirituality).

The word "Qwibil" is a Lushootseed word that literally means to fix oneself mentally, physically, and spiritually. "Qwibil" implies personal responsibility for a journey to transform your body, mind, and life, to become the best version of yourself.

* Contact Qwibil to set up your appointment at the Jamestown location 253-392-2400. *
LOCATION: the Jamestown Tribe Justice and Enforcement Center, 110 Sophus Road.

We are currently in network with Cigna, First Choice, Regence, Premiera Blue Cross, Medicaid/Managed Medicaid Plans (not including United Healthcare). We cannot accept Medicare.

FREE Health Professional Cannabis Consultation Available!

Cedar Greens works with a *Pharmacist* and a *Registered Nurse* to offer consultations regarding safe and effective cannabis use.

These professionals can answer your questions about drug interactions or disease interactions that might arise with cannabis use, and can provide examples of approved products that might help with specific conditions.
