Section 2: Housing Needs

NAHASDA § 102(b)(2)(B)

(1) Type of Need: Check the appropriate box(es) below to describe the estimated types of housing needs and the need for other assistance for low-income Indian families (column B) and all Indian families (column C) inside and outside the jurisdiction.

(A) Type of Need	Check All That Apply	
	(B) Low-Income Indian Families	(C) All Indian Families
(1) Overcrowded Households	X	X
(2) Renters Who Wish to Become Owners	X	X
(3) Substandard Units Needing Rehabilitation	X	X
(4) Homeless Households		
(5) Households Needing Affordable Rental Units		
(6) College Student Housing	X	X
(7) Disabled Households Needing Accessibility	X	
(8) Units Needing Energy Efficiency Upgrades	X	
(9) Infrastructure to Support Housing	X	X
(10) Other (specify below)	X	X

(2) Other Needs. (Describe the “Other” needs below. Note: this text is optional for all needs except “Other.”):

Elders with Special Needs - Some Tribal Elders and descendants require housing assistance for a variety of reasons (financial need, close to medical services, close to family friends for caregiving, cultural events, social programs, etc.) and may live outside of the Jamestown Tribe's service area.

(3) Planned Program Benefits. (Describe below how your planned programs and activities will address the needs of low income families identified above. Also describe how your planned programs will address the various types of housing assistance needs *NAHASDA § 102(b)(2)(B)*):

This year, our program will focus on the following:

Maintenance and operations of our existing rental housing, annual inspections of our rental inventory and regular monitoring to ensure that our rental housing assets are protected and reduce the potential for health and safety issues.

RAF (Rehabilitation Assistance Funding) program, which will help pay for home repairs, renovations or reconstruction for homes of citizens and descendants

We will continue to provide rental subsidies for Elders with Special Needs (item 2 above).

We will include relocation services - with the potential purchase of units for the NAHASDA program, there may be a need for relocation services for any existing tenant. This line would include hiring a consultant to facilitate the relocation process and all the costs associated

with their relocation to comparable housing.

Journey Home Classes - we will continue to provide the mandatory education classes to our eligible Down Payment/Matched Savings Assistance applicants. Also, we will continue to refine and implement a financial literacy program, a first-time home buyer and home maintenance curriculum. Part 1 of the class is for first-time homebuyers - eligible applicants must complete the course relating to the purchase of their first home. This includes information from local lenders, insurance, and title representatives. This course will also cover budgeting and how to prioritize spending to ensure they can maintain their home and meet their mortgage obligation. Part 2: Home maintenance - eligible applicants must complete a course on home maintenance to prepare them for home ownership. This covers things such as what projects will require permits, when to call a professional, and teach them how to do minor repairs on their own.

Down payment/matched savings assistance - eligible housing applicants who are ready to become homeowners will be provided with down payment/matched savings assistance to help them qualify for conventional mortgage financing.

(4) Geographic Distribution. Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low income families. *NAHASDA § 102(b)(2)(B)(i)*:

Services will be provided to Citizens and descendants in need wherever they live in the United States, not just the Tribe's designated service area of Clallam and Jefferson counties. Because the Tribe does not have reservation-based housing and has always been community-based, we assist JST families wherever they may be.

Section 3: Program Descriptions

[102(b)(2)(A)], [233(a)], [235(c)], [404(b)], 24 CFR §1000.512(b)(2)

Planning and Reporting Program Year Activities

In this section, the recipient must provide a description of its planned eligible activities, and intended outcomes and outputs for the One-Year IHP. The recipient can select any combination of activities eligible under NAHASDA and intended outcomes and outputs that are based on local needs and priorities. There is no maximum or minimum number of eligible activities or intended outcomes and outputs. Rather, the One-Year IHP should include a sufficient number of eligible activities and intended outcomes to fully describe any tasks that the recipient intends to fund in whole or in part with IHBG resources during the coming program year.

Subtitle B of NAHASDA authorizes recipients to establish a program for self-determined housing activities involving construction, acquisition, rehabilitation, or infrastructure relating to housing activities or housing that will benefit the low-income households served by the Indian tribe. A recipient may use up to 20 percent of its annual allocation, but not more than \$2 Million, for this program. Section 233(a) of NAHASDA requires a recipient to include its planned self-determination program activities in the IHP, and Section 235(c) requires the recipient to report the expenditures, outputs, and outcomes for its self-determination program in the APR. For more information, see PIH Notice 2010-35 (Demonstration Program - Self-Determined Housing Activities for Tribal Governments) at https://www.hud.gov/sites/documents/DOC_8814.PDF.

The One-Year IHP is not required to include eligible activities or intended outcomes and outputs that will not receive IHBG resources. For example, the recipient may be planning to apply for Low Income Housing Tax Credits (LIHTC) from its state. If those tax credit projects will not receive IHBG resources, they are not required to be described in the IHP. However, the recipient may wish to include nonIHBG activities in the IHP to provide tribal members with a more complete picture of housing activities.

If an activity will receive partial funding from an IHBG resource, it must be described in the IHP.

For example, if the recipient uses IHBG-funded staff persons to manage, inspect, or maintain an LIHTC-funded rental project, that project would be considered an IHBG-assisted project and the related activities must be described in the IHP.

Planning and Administrative expenses and loan repayments should not be identified as programs in the IHP. That is why there are dedicated rows in the Uses of Funding budget for these expenses. Instead, describe anticipated planning and administrative expenses in Section 6, Line 4 of the IHP, and describe actual planning and administration expenses in Section 6, Line 5 of the APR. Report the planned and actual amount of planning and administrative expenses in the dedicated row of the Uses of Funding budget (Section 5, Line 2). Please note that Reserve Accounts to support planning and administration is an eligible activity and should be identified as a program in the IHP, and any planned or actual expenditure from the Reserve Account would be reported by its program name in the Uses of Funding table.

For the IHP, complete the **unshaded** sections to describe the planned activities, outcomes and outputs in the coming 12-month program year. The recipient must complete Lines 1.1 through 1.4, Lines 1.6 and 1.7, and Line 1.9 for each eligible activity or program planned for the One-Year IHP. For the APR, complete the shaded sections to describe actual accomplishments, outcomes, and outputs for the previous 12-month program year. In particular, complete Lines 1.5, 1.8, 1.9, and 1.10 for each program included in the IHP.

IHP: PLANNED PROGRAM YEAR ACTIVITIES(NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3 etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3 etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS

Complete the shaded section of text below to describe your completed program tasks and actual results. Only report on activities completed during the 12-month program year.
